EXPERIENCE

Jul - 2023 To Present
Surat, India
Senior Web & Graphics Designer @ Bitrix Infotech
I focus on improving product quality through code optimization and maintaining brand identity. I design various graphics, characters, and websites, while also fostering strong team skills.

Oct - 2018 To Jun - 2022
Surat, India
Web & Graphics Designer @ Soften Web Media
I design stunning user interfaces (UI) for websites and apps, alongside creative brand identities, illustrations, and marketing materials. I also develop front-end websites using HTML, CSS, JavaScript, and other relevant technologies.

Apr - 2015 To Feb - 2019
Surat, India
Center Executive @ Sai Bhavi News Agency
In Surat city, I managed the distribution of newspapers and leaflets to vendors within a designated area. Additionally, I served as a cashier at the agency's central office.

Aug - 2018 & Sep – 2018
Surat, India
UI & UX Intern @ Misha Technologies
I completed a 2-month internship focused on user interface (UI) design and front-end development. I gained experience in cross-browser testing and creating fully responsive, optimized website templates.

Jan – 2018 To Jul – 2018
Surat, India
Web Designer @ Kintu Designs
As part of a college project, I completed a 6-month internship where I learned to design websites using a grid system and develop hybrid apps using the Ionic framework.

Apr - 2013 To Feb - 2015
Surat, India
Center Executive @ Gujarat Guardian
I worked as a center executive with various responsibilities, including managing the newspaper distribution network, improving sales, and cashiering. Additionally, I served as a dispatch executive, handling out-of-town deliveries via train, truck, and taxi.

PROJECTS

Coinremitter
- It's a crypto payment gateway website. I design impactful website, merchant panel & admin panel with sensible UI/UX. I develop it by using Bootstrap & Tailwind CSS frameworks.

Preschool Kids Game
- It's kids learning game app. I create level concepts, structure the gameplay, and craft wireframes. I use effective color schemes, characters, and graphic elements to bring the games to life.

Brain Game: Brain Test Puzzle
- It's brain puzzle game app. I design game riddles experience with consistent UI. I use clam colors and graphics character for impact UX. I also responsible for game optimization.

Regumsoft
- It's IT company website. I design impactful brand identities, engaging websites, and creative website sections like platform banners and user-friendly quotation pages.

Arteel
- It's B2B company website. I design websites that adhere to brand guidelines & reflect brand identity. I use minimalist design principles to enhance the UX & highlight valuable information.

EDUCATION

M. Sc. Of Computer Application @ V.N.S.G.U
April - 2018 In Shree Ram Krishna Institute With 6.2 CGPA.
